(一) Technical exchange activities

CISILE2019 followed its style of combining the exhibition with research. Together with the exhibition, more than 10 technical exchange forums and seminars were held. It's not only an exhibition, but also an academic feast for the participants.

China Laboratory Management & Detecting Technology Forum

Laboratory Design and Management Summit Forum

Biotechnology Cutting-edge Technology Forum

Domestic Testing Equipment Verification Promotion Meeting

Analytical Instrument Developer Forum

China Laboratory Development Conference

Instrument Channel Development Marketing Forum

Military Industry Physical and Chemical Analysis and Laboratory Instrument Forum

Test and Inspect Technology for Military Enterprises Forum

(二) CISILE 2019 New product Lunch

Concurrent event included CISILE 2019 new product launch event, more than 10 companies launched their newest patent products: Instantaneous Fluorescence Spectrometer , New Generation of Small Raman Spectrometer, High Resolution Mass Spectroscopy System, Digital Enhanced Gyroscope etc. These products will be used in the fields of food and medicine test.

(三) Industry Developing Situation Forum and CISILE 2019 Independent Innovation Award

This forum was organized by China Instrument Manufacture Association. It focused on the current hot issues and make prospects for future development trend of the industry. It' s not only a exchange platform for professionals, but also a highlight for CISILE . The awards ceremony was also held to encourage self innovations.

Innovation Gold Award

Company Name	Product	Model
Beijing Kwinbon Biotechnology	Chemiluminescence Immunoassay Analyzer	HMC-D2
NCS Testing Technology	Coal Fume Heavy Metal Online Monitoring System	XRFZ-1000
BAODE INSTRUMENTS	Atomic Fluorescence Photometer	BAF-4000
HKY Technology Co., Ltd	Degassing Conductivity Online Monitor	HK-1309DC
Beijing Titian Instrument	Atomic Fluorescence Photometer	Kylin
BAODE INSTRUMENTS	Automatic Flow Injection Analyzer	BDFIA-8000
NOVEL OPTICS	Wireless Lab	NOW.Lab
Beijing HaiGuang instrument	Direct Mercury Analyzer	HGA-100
LABWIT	Stackable Shaking Incubators	ZWYC-290A
